

Ealing Turnaround

Is your child involved with the criminal justice system or at risk of offending?

Family lives is working closely with the Turnaround Project to offer support to children and young people aged between 10 - 17 and their families who are involved in the criminal justice system in order to prevent them from offending or reoffending.

If your child has been excluded from school, involved in crime or anti-social behaviour or are at risk of getting involved in crime, we can provide you with help and support.

Our support includes:

- A safe space to discuss the issues you are experiencing, explore ways to help strengthen the relationship with your child
- One to one sessions over 8 weeks, either at your home, over the telephone or online
- A session with your child to express their thoughts and feelings
